

**REMARKS**

Receipt of the Office Action of May 23, 2007 is gratefully acknowledged.

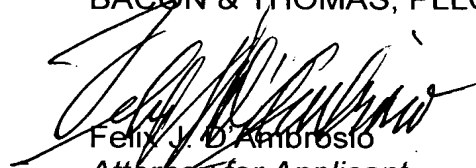

The examiner's rejection of claims 8 - 15 as indefinite is noted as is the examiner's indication that claims 8 - 15 "would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2<sup>nd</sup> paragraph."

In reply, claims 8 and 9 have been amended to make it clear that there are two sensors and that the second sensor is located in the housing, and that the second sensor serves to protect the electronic components of the transmitter, specifically, for determining the temperature and humidity conditions in the housing.

As amended, claims 8 - 15 should now be in condition for allowance.

Respectfully submitted,  
BACON & THOMAS, PLLC
